# Business Product Overview

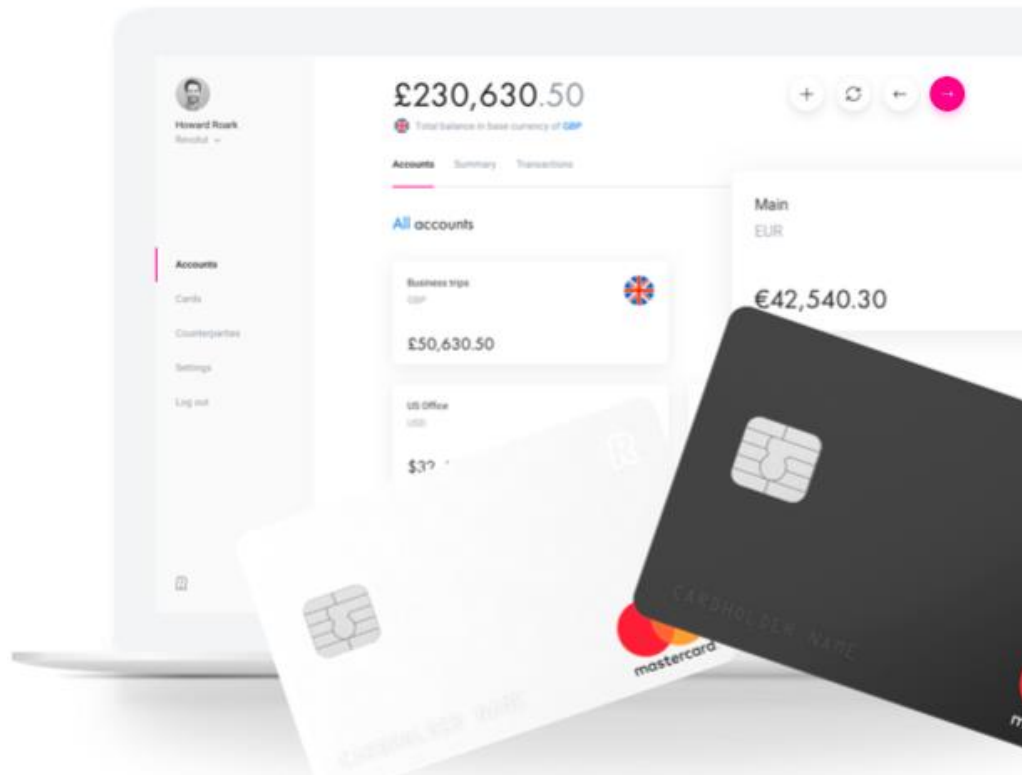

# Revolut for business| Overview

A next-gen, global business current account for easy international payments, helping your business

- save time
- save money
- stay in control

No hidden fees and FX at interbank rates, saving up to 5% on every transaction.

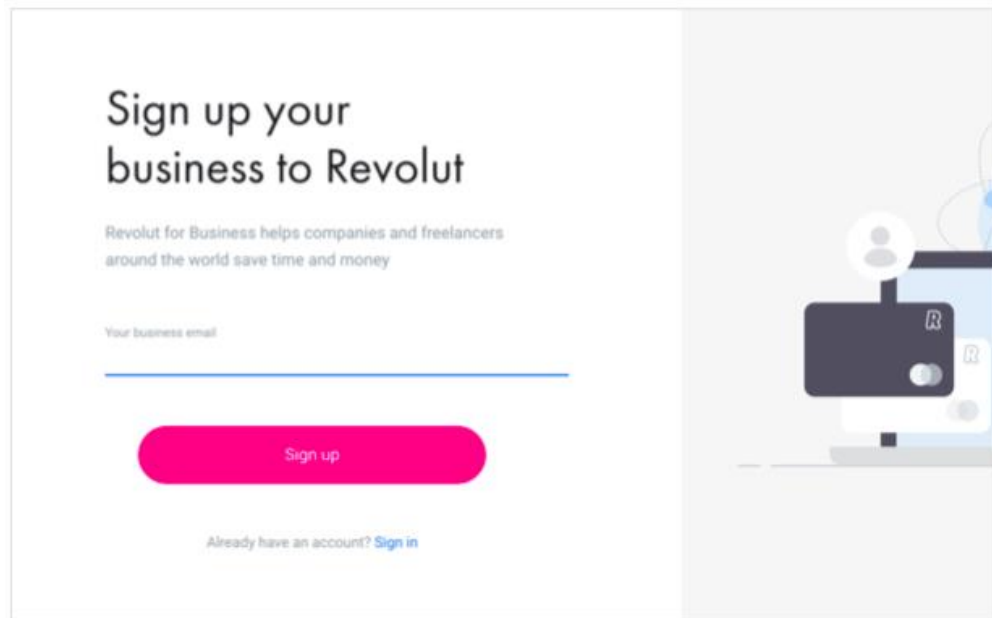

# Revolut for business| Quick & easy signup

Sign up in minutes and on-board the same day, with over 100 businesses joining every day

Send and receive instant payments to other Revolut for Business accounts and 5 million+ Revolut personal customers, as well as non-Revolut recipients

Onboarding support 7am - 10pm GMT

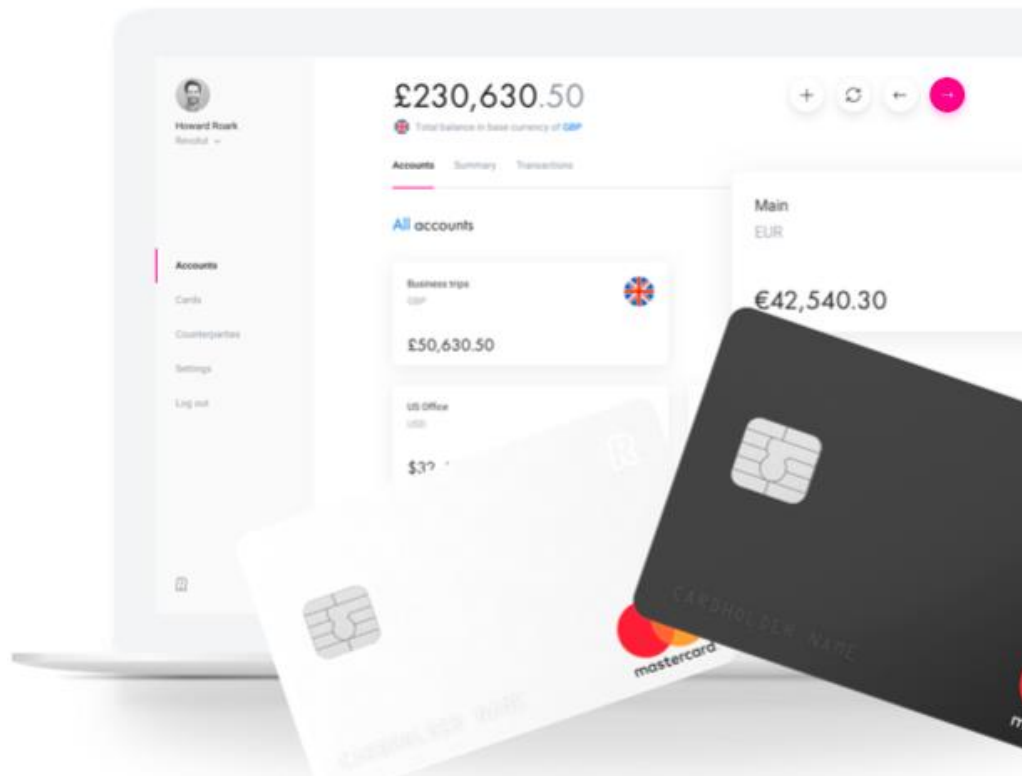

# Revolut for business | Transfers with no hidden fees

We understand how important it is for businesses to save on transfer costs and make global payments in as little time as possible.

Hold, receive and exchange 29 currencies using the real interbank exchange rate.

This means fast transfers with no fees from us.  
Catch my drift?

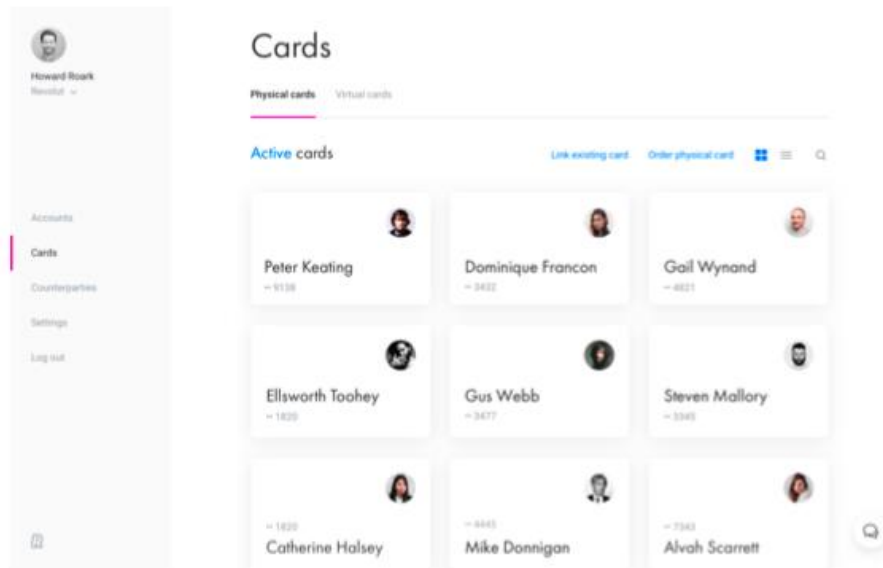

# Revolut for business | Prepaid cards

Your team gets their own prepaid cards tied to your company's current account. You can track your whole team's business expenses instantly, set spend limits for each employee and easily block cards if they are lost.

Exclusive business card designs.

The background features a solid blue color with a faint, semi-transparent image of a laptop keyboard on the left and a smartphone on the right. The smartphone screen shows a contact list with names like 'Preeti Manger' and 'Ryan Gallagher', along with phone numbers and a red circular icon containing a white 'R'.

What are we cooking up  
**next?**

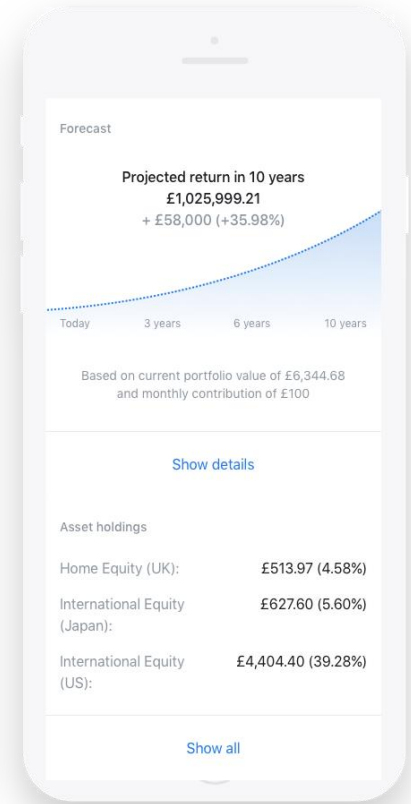

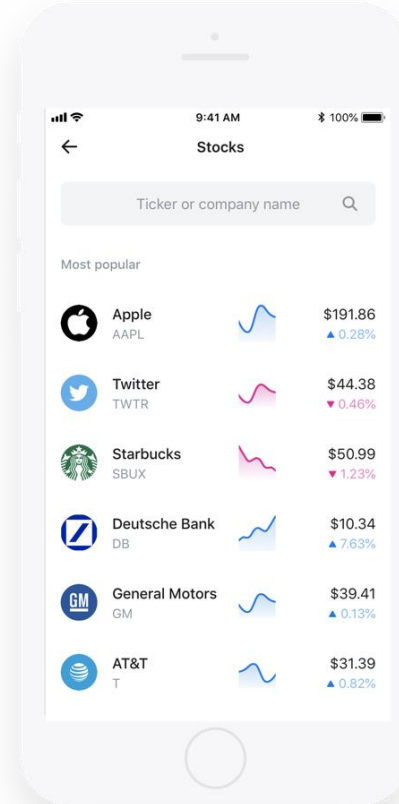

# Robo Advisor & Commission-Free Trading

We'll take the next step towards effective personal finance management with the launch of our **robo advisor**.

We'll let our customers buy and sell stocks and ETFs, **commission-free**.

**We have disrupted the big banks; now it's time to disrupt the brokers.**

Thanks!
